

# Europass Curriculum Vitae

## Personal information

First name(s) / Surname(s)

Gianluca Marcato

## Work experience

Dates

Occupation or position held

Main activities and responsibilities

1/04/2010 - present

Researcher - CNR Identification Number 11723

Project manager for several research projects carried out with local stakeholders and private companies in the field of landslide risk.

Coordinating the IRPI Geo-Risks Management Group. Landslide Hazard assessment, Mitigation and risk management strategies in the Eastern Italian Alps context, considering also climate change. Geological and numerical model of unstable slopes in order to assess the triggering factors and the run-out scenarios. Ground deformation and displacement analysis by means of monitoring data. Development of a real time optical fiber sensor monitoring system applied to landslide domains based on Brillouin Optical Domain Reflector method.

The results of the research have been published in about 50 papers. Scopus Author ID: 12239297500. Referee for national and international journals.

Lecturer of Engineering Geology Bsc courses in Italian Universities.

Lecturer on advanced monitoring techniques at the Master level in Italy and abroad.

Supervisor for bachelor and master theses, PhD research projects and Post-doc grants.

CNR-IRPI – National Research Council of Italy, Research Institute for Hydro-Geological Hazard Protection C.so Stati Uniti 4, 35127 Padova, Italy  
Piazzale Aldo Moro 7 Roma 00185

Research

Dates

Occupation or position held

Main activities and responsibilities

1/06/2000-31/03/2010

Research assistant

Landslide hazard assessment: monitoring and modelling system and judgement of their reliability. Developing of new technologies to monitor deformations caused by landslides. Scientific consulting for Civil Defence office in the emergencies managing due to landslide event: response, repair-restoration phases, mitigation and prevention.

Name and address of employer

CNR-IRPI – National Research Council of Italy, Research Institute for Hydro-Geological Hazard Protection C.so Stati Uniti 4, 35127 Padova, Italy.

Dates

Occupation or position held

Main activities and responsibilities

01/02/2011-30/06/2012

Lecturer

Course on Engineering Geology

ALMA MATER STUDIORUM - University of Bologna - School of Engineering and Architecture  
Via Zamboni, 33 - 40126 Bologna, Italy

Dates

Occupation or position held

Main activities and responsibilities

01/09/2015-present

Lecturer

Course on Engineering Geology

University of Modena and Reggio Emilia - School of Civil and Environmental Engineering  
Via Vivarelli, 10 - 41100 Modena, Italy

Dates	2008/2009; 2009/2010; 2010/2011																								
Occupation or position held	Lecturer																								
Main activities and responsibilities	Master "Analisi, Valutazione e Mitigazione del Rischio Idrogeologico (AVAMIRI)". Topics: Valutazione del rischio di frana e del rischio idraulico, Interventi e opere per la mitigazione del rischio di frana.																								
Name and address of employer	Università degli Studi di Udine, Dipartimento di Ingegneria,																								
<b>Education and training</b>																									
Dates	05/04/2007																								
Title of qualification awarded	PhD in Engineering Geology																								
Principal subjects/occupational skills covered	Landslide Hazard evaluation in Passo della Morte (Italy)																								
Name and type of organisation providing education and training	University of Modena and Reggio Emilia, Italy																								
Dates	14/04/2000																								
Title of qualification awarded	Master Degree in Geology																								
Principal subjects/occupational skills covered	Geomorphological analysis of the Monte Lupo area (Val Gardena – Dolomites - Italy)																								
Name and type of organisation providing education and training	University of Modena and Reggio Emilia, Italy																								
Mother tongue(s)	<b>Italian</b>																								
Other language(s)	<b>English; Spanish</b>																								
Self-assessment

## **2009-2022**

### **Projects, Participation in scientific committees of national and international events**

2009-2013 Contract " Studies and monitoring activity of the left slope of Tagliamento River near Passo della Morte, municipality of Forni di Sotto (UD)" – Civil Defence of Regione Friuli Venezia Giulia (budget 420K€ - Scientific responsible)

2010-2014 Project „, “Innovative integrated Systems for Monitoring and assessment of hlg risk LANDslides – SMILAND” - Funded by Cariparo Founded Project of Excellence (research staff)

2010-2014 Project “Changing Hydro-meteorological Risks as Analyzed by a New Generation of European Scientists” - Funded by the European Community's 7'th Framework Programme FP7/2007-2013 under Grant Agreement No. 263953 (Field Coordinator)

2013 Contract " Landslide monitoring and modelling of Corvara di Badia and Gardena pass landslides" –Corvara in Badia Municipality (budget 10K€ - Scientific responsible)

2014 Member of Organizing Committee of International Conference on Analysis and Management of Changing Risks for Natural Hazards. Padua 18-19 Novemeber 2014, Italy.

2013-2015 Project “MApPERS, Mobile Application for Emergency Response and Support” European project “Prevention and Preparedness projects under the Civil ProtectionFinancial Instrument – Directorate-General Humanitarian Aid and Civil Protection –ECHO” (research staff).

2015 participation in the SABO symposium in Sendai, organized by Ministry of land infrastructure, Transport and Tourism of Japan.

2016 Invited speaker to the 2016 International Workshop on Disaster Prevention and Mitigation Technology for Large-Scale Landslides at the Cheng Kung University, Tainan, Taiwan.

2017 Invited speaker to the International Conference on Disaster Prevention and Mitigation Technology for Large-Scale Landslides. Feng Chia University, Taichung, Taiwan, from 1st November to 2nd November 2017.

2015-2018 Contract " Studies and monitoring activity of the left slope of Tagliamento River near Passo della Morte, municipality of Forni di Sotto (UD)" – Civil Defence of Regione Friuli Venezia Giulia (budget 99K€ - Scientific responsible)

2016-2019 Project “Dikes and Debris Flows Monitoring by Novel Optical Fiber Sensors – DOMINO” Type HORIZON2020 project (EU Joint Programme ERA-NET Cofund WaterWorks 2014 (research staff)

2013-2021 Contract " Monitoring of the landslide affecting San Lorenzo road Tunnel in province of Udine (Italy)” – National Road Agency ANAS (budget 130 K€ - Scientific responsible)

2020-2025 Contract " Landslide monitoring, modelling and countermeasure works design in the Rotolon stream catchment” –Recoaro Terme Municipality (budget 200 K€ - Scientific responsible)

2020-2022 Project “Long-term monitoring of large landslides based on integrative systems of sensors and networks” SoLoMon - Type project FESR EU Programme – Provincia Autonoma di Bolzano (budget 80 K€ - Scientific responsible)

### **Post Doc Grants - tutoring**

2009-2018 Giulia Bossi, in the field of landslide hazard assessment and landslide risk mitigation.

2018-2020 Giacomo Tedesco in the field of landslide investigation, modelling and mitigation.

### **PhD Projects – co-tutoring**

Giulia Bossi (XXVIII ciclo, PhD in Civil, Environmental and Materials Engineering, ALMA MATER STUDIORUM Università di Bologna). Statistical analysis of the error associated with the simplification of the stratigraphic profile of natural soils in geotechnical models.

Daniela Codeglia (PhD at the School of Civil and Building Engineering Loughborough University UK). Development of an Acoustic Emission waveguide-based system for monitoring of rock slope deformation mechanism.

Giacomo Tedesco (XXX ciclo, PhD in Civil, Chemical, Environmental and Materials Engineering, ALMA MATER STUDIORUM Università di Bologna), Infrastructures maintenance and countermeasures planning in complex geological and geomorphological settings.

## Honors and Awards

- 2014, Best Paper award, 2014 Geosciences and Information Technologies GIT meeting (Sezione della Società Geologica Italiana), Montefalco, 2014. Premio "Ivo Ricchetti 2014", Addressing ground lithological variability for numerical modelling through a stochastic approach: The Mortisa landslide case study Bossi G., Marcato G., Pasuto A., Borgatti L.
- 2017, Best oral presentation in oral session at the international congress "Challenges in geotechnical Engineering" Kiev, 20-22 November 2017 "A Monitoring network to measure the cracks in a tunnel subject to shear deformation induced by landslide" Bossi G., Schenato L., Marcato G.
